Making an investment in the local community!

Mid Antrim Animal Sanctuary is a local charity that depends almost entirely on the support of the local community to carry out it's much needed work.

We provide a safe home, food, love and protection to the dogs and cats that come into our care and most importantly, the chance of a new home with a loving family.

We have a no-kill policy and never put a healthy animal to sleep, meaning that if for whatever reason an animal is not re-homed, they are guaranteed a happy life living as part of our own family.

By hiring our Conference Facilities, you are contributing towards our work and considerable running costs - Thank You!
