

Mid Antrim Animal Sanctuary – Our Puppies Get Some Extra Training

We are delighted to introduce our new training and socialisation package for all our pups being rehomed. While here at the Sanctuary our puppies will follow our own socialisation programme and once adopted their new family will be responsible for ensuring that the pups attend further, formal training classes. All this will ensure they have the best possible start in life!

The following criteria will apply:

- Pups are confirmed within the age bracket from 10 weeks to 4.5 months.
- All pups must be in receipt of their second vaccination prior to commencing the classes.
- The adoption fee of all puppies re-homed via the Sanctuary will be inclusive of the cost of the class.

We have selected the following suppliers who will provide a positive training experience for both the owner and pup in a fun and interactive while connecting directly to the principles and ethos of the Sanctuary. Should you wish to use an alternative trainer please contact us to make the necessary arrangements.

You are asked to contact them directly and make the necessary arrangements to book your pup in to a class:

- [Robin Bates Dog Training](mailto:robin@dog-training-ni.co.uk) – email robin@dog-training-ni.co.uk, contact number 07730 941 989. Areas covered are Belfast and Ballyclare.
